The ROBERTS® 12" Pro Grade VCT Vinyl Tile and Luxury Vinyl Tile Cutter is specially designed to cut solid vinyl tile, vinyl composition tile (VCT), luxury vinyl tile, and cork tile, up to 1/8" thick. Equipped with industrial-grade carbon steel blades, it delivers precise rip-cuts on tile up to 12" and diagonal cuts on tiles up to 9" wide. It is designed with a lightweight, yet heavy-duty aluminum base and rubber feet that together keep the cutter firm and stable while you cut. Its built-in casters increase maneuverability and it includes a carrying case for easy transport.
