

TEC® AccuColor® Premium Sanded Grout

Ensure a flawless finish for your next floor or wall tile project, countertop, or installations with wider grout joints, in high traffic and wet areas, indoors or outdoors, for residential to extra-heavy commercial.

AccuColor® Premium Sanded Grout is a polymer-enhanced, Portland cement grout, formulated to provide highly wear-resistant, color consistent grout joints from 1/8" to 1/2" (3-12 mm). This grout meets ANSI A118.6 Specifications for Commercial Cement Grout, and ANSI A118.7 Specifications when mixed with TEC® Acrylic Grout Additive in place of water. It can also contribute to LEED® project points, with 0 VOC.

For finishing touches, also consider TEC® AccuColor® Sanded Siliconized Acrylic Caulk. This caulk is precisely color-matched to the 32 AccuColor® Premium Sanded Grout colors.

AccuColor® Premium Sanded Grout is Available in:

- 9.75 lb. (4.42 kg) plastic bags
- 25 lb. (11.34 kg) moisture-resistant bags

Product contains zero VOC.
